**Help watch the Vote at the Iowa Caucus for Ron Paul
-- and for everybody else!**

We are devoted to an honest and TRANSPARENT count for all candidates and all voters. We have chosen to picture Ron Paul as an example of the kind of candidate who needs you to protect the vote. We all witnessed how the major TV networks, and the nationally syndicated radio talk shows suppressed discussion of Paul's incredible \$6.2 million internet fundraising day on Dec 16th, 2007, -- the largest single fundraising

day in history for a Presidential Candidate. Alert Americans are concerned that news suppression by the powerful might be followed by attempted vote suppression (vote theft) by the powerful. (See HBO documentary, *Hacking Democracy*; VoteFraud.org; BlackBoxVoting.org; TheLandesReport.com; the book: *Votescam: The Stealing of America* by Jim & Ken Collier; *The Right to Count* -- and -- *Uncounted*, both documentaries; the book, *Hacked!*; and: YouTube.com/JimConditJr) Note: **Watch the Vote 2008** is **NOT** connected to the Ron Paul Campaign, or any of the Presidential campaigns.

GOOD NEWS! The Iowa Caucus is the most open process in the US at the local level! It should be the model for every election!

At the Iowa Caucus, all 1784 precincts are counted in the open! The people mark paper ballots, or raise their hands, and the count then takes place in front of all!

We DARE NOT let any vote manipulation or mistakes happen to Ron Paul, or anybody else, in the 2008 Iowa Caucus!

Don't let anybody change the results after your caucus leader accurately calls the results into the "state level." Help us at **Watch The Vote 2008** by calling the results which YOU witness at your caucus into one of our 99 volunteers. That citizen will upload the results YOU see to the internet for the world to see! You can also upload the results yourself if you have computer access! Go to WatchTheVote2008.com and sign up to be a citizen-reporter from your caucus. Instructions and the contact person for your county are all there.
